AUSTRALIA'S MOST COMPLETE
RANGE OF SPRAYING SOLUTIONS

TAKE
CONTROL
of your spraying

ISSUE 41 SPRING 2026

- Better Crops
- Cleaner Pasture
- More Grass

AUSTRALIA's MOST VERSATILE LINKAGE SPRAYERS

The LM Series is designed to give you more control when spraying on the farm. With 30° wing tilt, you can adapt to changing terrain on the go—maintaining better coverage and getting more ground covered in less time, with less effort.

From small crops and turf to large-scale pastoral operations, the LS Series' flexible design can be tailored to deliver accurate spraying performance across a wide range of crops and terrain.

Built to handle whatever the paddock throws at it—season after season. The LK Series combines large capacity, rugged construction with dependable performance to keep you spraying when it matters most.

The innovative LM Linkage Sprayer has been designed for a diverse range of spraying applications and built to be safer, faster, and stronger.

Safety-focused by design – Built to meet—and often exceed—industry safety standards, with integrated chemical hopper and flush tank systems. Built for demanding conditions – Engineered from the ground up for strength, durability and flexibility, season after season. Future-ready control – Designed for seamless integration with your existing technology, with fully upgradeable control systems, including ISOBUS.

LS SERIES

TAKE CONTROL: SPRAY IN LESS TIME

Cover more ground in less time with the LM Series. Featuring a 1150L tank, fully hydraulic 12m boom with 30° wing tilt, and electric controls as standard, the LM Series is built for efficient, effortless spraying. Stay in the cab, control your boom with ease, and get more hectares covered in less time.

FEATURES:

- 1150 Litre UV rated Polyethylene T-shaped tank
- Heavy duty hot dipped galvanised CAT1/2 frame
- Bertolini 75-Litre POLY Pump for liquid fertiliser readiness
- Built-in 10L handwash tank and 60L flush tank
- Built-in chemical induction hopper
- 12 Metre fully hydraulic M Boom
- Wing lift allows you to move the boom with the contour of the terrain.
- Built-in breakaways ensure you can safely clear obstacles.

DM SERIES

TAKE CONTROL OF EVERY SPRAYING JOB

Purpose-built for UTVs, the BA DM Series combines durability, balance and easy operation. Available in 200L and 300L, with positive-draining sumps, a hot-dipped galvanised frame and BA SMART-FIT accessories for versatile spraying across any terrain.

PRODUCT FEATURES

Easy to read Calibrated tank gauge for accurate filling.

Integrated tie-down points

RHS Hot Dipped Galvanised wrap around frame

Positively draining sump. Drains the tank even in undulating terrain.

3-way drain tap controls pump, off and drain for easy operation

Innovative 200L & 300L tank design with baffles to provide a low centre of gravity for added stability

Modular Smart-Fit accessory designs for quick installation and easy use

30m, 50m manual hose reel or remote 100m reel options

Genuine Honda engine powering Bertolini Diaphragm Pump

Bertolini 12 Volt, POLY 30lpm or PA 34LPM pumps specifically suited for weed control and liquid fertiliser treatment
